

# SELONG BELANAK - LOMBOK

6,700 M<sup>2</sup> PLOT WITH SEA VIEW

## HILL SIDE PLOT – SELONG BELANAK

On the south shore of the island Lombok lays the bay of Selong Belanak. According to the Hong Kong based 'South China Morning Post' and among others TripAdvisor 'One of the best beaches in Asia'. Beautiful sand, pristine and safe swimming water. Breath taking views especially at night when you see alle the fisherman in their small boats going to the sea.

The village of Selong Belanak is largely unspoiled with few boutique style accommodations and simple restaurants.

In the middle of the village on a hilltop overlooking the bay lays our plot. About 67 acres all with unobstructed panoramic view. The plot lays adjacent the main road which connects Selong Belanak with Praya international airport in about 20 minutes.

From Praya there are flights to Bali (less than 40 minutes) , Perth, Singapore, Kuala Lumpur, Jakarta and several regional destinations.

The lot is just above the centre of the small village. The plot itself is undeveloped and not divided into smaller plots yet. Electricity is nearby but water and road are not there yet.

The plot is suitable for the following developments.

- Small boutique resort in green garden landscape
- One big hilltop villa
- Up to seven private villa's with each around 500 sqm garden
